### Home Language Survey (HLS)

The Civil Rights Act of 1964, Title VI, Language Minority Compliance Procedures, requires school districts and charter schools to determine the language(s) spoken in each student's home in order to identify their specific language needs. This information is essential in order for schools to provide meaningful instruction for all students as outlined Plyler v. Doe, 457 U.S. 202 (1982).

The purpose of this survey is to determine the primary or home language of the student. The HLS must be given to all students enrolled in the school district / charter school. The HLS is administered one time, upon initial enrollment, and remains in the student's cumulative file.

Please note that the answers to the survey below are student-specific. If a language other than English is recorded for ANY of the survey questions below, the LAS Links placement test will be administered to determine whether or not the student will qualify for additional English language development support.

### Please answer the following questions regarding the language spoken by the student:

I. What is the native language of the student?	
2. What language(s) is spoken most often by the <b>student</b> ?	
3. What language(s) is spoken by the <b>student</b> in the home?	
(If student is a transfer student and has indicated a language other th	an English in any line above, please complete #4)
4. What level of OVERALL proficiency is the student on his/her 1	nost recentLAS Links/WIDA Assessment?
Student Name:	
Parent/Guardian Name:	

By signing here, you certify that responses to the four questions above are specific to your student. You understand that if a language other than English has been identified, your student will be tested to determine if they qualify for English language development services, to help them become fluent in English. If entered into the English language development program, your student will be entitled to services as an English learner and will be tested annually to determine their English language proficiency.

If student is a transfer student, parent/guardian agrees to help the current school obtain the ORIGINAL Home Language Survey from the student's first school in Indiana, as required by the Indiana Department of Education.

### For School Use Only:
