

SCHOOL COMMISSION MEETING - 10/3/2023

in attendance: Cara Swinefurth, Fr. Bill, Adam Barth, Amy Bridenstine, Mary Ford, Brent Gann, Tanya Pechous, and Amanda Wright

-recap of the September 5th meeting where we discussed the training that was presented by the archdiocese.

-review of our Mission Statement and our Vision Statement.

-thoughts were offered on these three items.

-review of each of the committees that we are actively establishing:

- Parish Council (Tanya is our representative)
- Finance - looking for a new member with a financial background and an understanding of what is covered in the meetings - would also include budget prep - commitment is two meetings per month
- Technology - review current technology and plan for the options going forward - will we upgrade our current technology - what do the technology fees that our families pay cover? Should these be increased? Should our technology be Student or Teacher focused?
- Marketing/Enrollment - work with the PFA

Additional committees might include Development and/or Faith Formation

Principal's Report - total enrollment, counting PreK and preschool is 362, which is 11 students over budget -

we are considering an online enrollment process using a tool through FACTS - we reviewed new admin and new teachers and addressed our current faculty needs. Reviewed the Professional Development that teachers are completing and finally addressed our School Improvement Plan, which includes establishing our Catholic identity and areas in Academics.

Our next meeting will be Tuesday, November 7th at 7pm.
